

## Lightweight Plastic Knapsack Sprayers

15 l / 20 l

The 189 and 289 are two of the most popular models. Its state of the art design allows them to perform a wide variety of projects in agriculture, horticulture and professional cleaning.

- Its powerful piston pumping system does not need tools when occasionally requires service, besides it generates a full pressure range.
- Thanks to its mechanical agitator they can be used to apply wettable powders.
- They have a folding handle, an adjustable nozzle and a tank lid with carrying handle and lance holder clips.
- Nearly all parts fit both models alike.
- Like all SWISSMEX-RAPID products, models 189 and 289 are designed to support hard day-long use.

Designed and manufactured by experts to apply:

- Herbicides
- Insecticides
- Fertilizers
- Disinfectants
- Diesel
- Wettable powders
- Oil-based solutions.

**Important:**

Please ask your dealer  
before using any product not included  
In this list.
